## ENDERMOLOGY

\$70 | 35-45min

A cellulite treatment that drains excess of water, removes cellulites, firms the skin and shapes all the body sculpture with a minimum of 6-10 sessions.

By wearing a special body stocking, the therapist uses a hand-held massaging device on the affected area.

Each treatment will last approximately 35-45 minutes and most patients choose to have about 1 to 2 sessions per week.

## FULL BODY ZERO FAT

\$70 | 60min

A cream made from seaweed which removes fat by being broken down and absorbed by the body.

Full Body Zero Fat treatment can be used once per week to reach the desired results. The procedure starts by applying serum and massaging it into the skin. The seaweed cream is then applied to the areas of treatment and wrapped with a specialized aluminum to help the serum penetrate into the skin.

After relaxing for 20 minutes and removing cream, the skin is then massaged with a firming cream.

# Body Wrap Treatment

EXFOPARAFANGO

\$70 | 60min

Parafango body wrap uses natural sea mud which is rich in marine seaweed to help stimulate liquid drainage. It is a treatment that targets stubborn cellulite on the hips, thighs and buttocks. This helps remove unwanted inches for a smooth and firm skin. Parafango can be used once per week to reach the desired results. Before applying the Parafango, a serum with all natural extracts is massaged into the skin. The sea mud is then applied to the areas of treatment and wrapped to help the serum penetrate into the skin. After relaxing for 20 minutes, the Parafango is removed-no shower needed! The skin is then massaged with a cream that helps to firm and reduce the effects of cellulite.

# Full Body Massage
