LOVE TO KNOW

Tips & tricks from the guru herself for you to prepare your skin for the treatments offered & prevent any complications afterwards.

What You Love To Know

PRE-TREATMENT: PAIN & TOLERANCE

Since pain tolerance varies it is recommended to apply topical numbing cream or ice packs 20 - 30 mins prior to your treatment.

Before 2 weeks: Waxing & sugaring are not allowed after your treatment (necessary shaving only)

Before 4 weeks: Stay out of the sun & always apply sun block creams.

POST TREATMENT: TEMPORARY REDNESS

Redness may last for few hours or few days. Use aloe vera gel or ice packs for better healing.

Apply a thin layer of hydrocortisone cream on a hot burning affected area to soothe skin, as per doctor's perscription.

Makeup may be used after treatment, use medical moisturizer on the treated area.
