Keratin

WHAT IS KERATIN? *(Lasts for 4-6 months)*

It's a protein that's naturally in your hair.

*Treatment duration and cost depend on the length of your hair.

BENEFITS:

Forget about frizzy hair after treatment. "You could walk out in moist or light rain and your hair won't change"

A restorative treatment that strengthens your hair shaft and makes it more resilient.

PROCEDURE:

- . Shampooing.
- . Sectioning hair to apply the formula.
- . Applying a keratin hair-straightening product to your hair.
- . Straightening your hair with a flat iron.
- . Leave it for 2-3 days before washing, throughout this time to re-use a flat iron to seal it in.

Botox

WHAT IS BOTOX? (*Lasts for 2-4 months*)

\$150-350

It is a deep conditioning treatment that coats hair fibers.

To fill any thin or broken area on each hair strand for a fuller look.

*Treatment duration and cost depend on the length of your hair.

BENEFITS:

Botox is a safe conditioning agent with many benefits:

- . Healing split ends.
- . Adding volume and strengthening fine hair.
- . Repairing damaged hair,
- . Straightening frizzy hair.

PROCEDURE:

- . Shampooing to open hair cuticles.
- . Sectioning hair to apply the formula.
- . Applying botox by massaging the strands from the root to the tips.
- . Leaving the formula settle for 20-70 minutes before drying.
- . Hair drying.
- . Straightening the hair with a flat iron.
- . Leave it for 1-2 days before washing, throughout this time to re-use a flat iron to seal it in.

Crystal

WHAT IS CRYSTAL? *(Lasts for 4-6 months)*

Similar to Keratin's chemical combination made out of protein and amino acids that help the hair fight humidity and temporary loosen any curl pattern.

*Treatment duration and cost depend on the length of your hair.

BENEFITS:

- . To Reduce frizz.
- . Fight humidity.
- . Loosing curls.
- . Relaxing the hair.
- . Straightening the hair.

PROCEDURE:

- . Shampooing to open hair cuticles.
- . Sectioning hair to apply the formula.
- . Applying Crystal on your hair.
- . Leave treatment for 60 minutes before drying.
- . Hair drying.
- . Straightening the hair with a flat iron.
- . Leave it for 2-3 days before washing, throughout this time to re-use a flat iron to seal it in.

ENERGETIC HAIRCUT

Energetic Haircut

WHAT IS ENERGETIC HAIRCUT? (*Lasts for 2-4months*)

\$70

A hair cut made by Leila Obeid to give health and energy to your hair.

*Treatment duration and cost depend on the length of your hair.

BENEFITS:

- . To give health to your hair.
- . To help hair grow faster.
- . To give health & energy

PROCEDURE:

- . Strengthening hair.
- . Brush them straight.
- . Start cutting a small amount of hair in order to have them at the same level .
- . Hair dry.
- . Straightening hair with a flat iron.

LUNAR HAIRCUT

Lunar Haircut Calendar

Lunar Haircut

WHAT IS LUNAR HAIRCUT?

During this waxing lunar phase, a hair cut will encourage growth right up until the full moon.

Think of it as the "Werewolf effect": the full moon makes hair grow fast, thick, long and luscious. When you cut your hair, you remove the dead ends, which keeps your hair healthy.

BENEFITS:

- Thicken
- Beautify
- Lengthen
- Root Work
- Strengthen

Check the Lunar Calendar before booking your appointment, for the most suitable dates of each month

HAIR TREATMENTS

To dress your hair-scalp needs & reveals a healthy glow

Hair Treatments

WHAT IS HAIR LAB? (*Lasts for 2-4 months*)

\$50-200
